ANDY STANKOVICH **VITAL IMAGE**

CURRENT Working out of Adelaide primarily focusing on Steadicam within Reality TV, sports and commercial production. 2015 saw Gearhouse/7Network commence using Vital Image as a Steadicam provider on AFL games in Adelaide. Currently co-producing a new tv series, "UXO-Laos" on un-exploded military ordinance in Laos with Media Tribe/Nick Colquhoun.

2013 - 2016 KOJO Productions contracts Vital Image to provide Steadicam and camera services for coverage of cricket and AFL on the Big Screens at the new Adelaide Oval. Worked on Comm. Games in Glasgow and finished self funded docco "The Barefoot Fisherman" on shark/cray fishing on the Great Australian Bite.

2011 Vital Image takes delivery of 100 Motorola GP 328 radios and support equipment for our UHF radio kits.

2010 Hired by Seven Productions, Sydney to shoot Adelaide "Airways" series 2.

2009 Vital Image is involved in SA's MRC "Raw Nerve" series by making available and affordable our F 900R HD camera and support equipment to student film makers.

2007 - 2008 Worked together with Australia Pacific Touring, APT, in shooting and co-producing 6 different world wide tour DVD's.

2006 Contracted by TWI for Steadicam supply at the Melbourne 2006 Comm. Games and Asian Games, Doha. Purchased Cinealta F 900R HD cam for documentary and commercial production. Waterproof Steadicam now also available.

2000 Rig Engineering Steadicam (built by Hugo Langer) purchased for Australian market to compliment Vital Image's existing SK 2 Steadicam film/video rig.

1992 - 2011 Resumed working with Vital Image, and diversified to supplying camera operators, assistants and sound recordist services as well as gear and facility hire. We now also act as location producers for interstate crews working in South Australia, providing both working **Personnel** and **Equipment** for Outside Broadcasts and Multi Unit EFP crews.

1991 Working in Kuala Lumpur as an editor / camera consultant, post producing 35mm film and television commercials, as well as local Malay and Chinese dramas.

1990 Commenced trading as Vital Image supplying freelance camera operator and sound recordist services. From '89 I worked on Nine Network outside broadcasts including the Adelaide F1 Grand Prix, Indy Cars-Surfers Paradise, 500cc Moto GP Sydney etc

1988 - 1990 Joined NEW 10 and began shooting news and current affairs for Perth and the 10 Network.

1987 - 1988 In January 1987, I worked at 'Film North Productions' shooting News and Good Morning Australia for the Ten Network. Whilst in Darwin, I also worked for ABC News, Wide World of Sports (TCN), SBS and NTD 8 on a freelance basis. I also worked on several commercials, a few of which I was given to produce, shoot and edit.

1984 - 1986 In January 1986, I commenced at NWS 9 as a camera assistant/sound recordist and later began doing nightshift in the newsroom. Previous to this I trained with John Ellson as a camera assistant and worked on the docco "The Desert Walker"
