I started hair career in early 2010 in Kansas City, MO, USA for a license in Cosmetology(Hairdressing). After migrating, I started the process to attain the Cert III in Hairdressing at Clip Joint Academy to be licensed here in Australia. I deferred to have a baby but plan to go back.

I have a Diploma of Specialist Makeup Services that I attained in 2016 at Media Makeup Academy in South Australia.

I own a FX studio located in Thebarton, SA about 5 minutes from Adelaide CBD. It has capacity to house and build any number of things including SFX props and prosthetic makeups. I regularly host up to 10 subcontractors. 22 hands make light work and good turn around times.
