PROFILE:

Fully qualified Hair and Makeup artist, specialising in TVCs, FILM 'dailies', Stills, OPERA and all Makeup and Hair requirements.

- Completed **Hairdressing apprenticeship** (incorporating beauty therapy and **wig skills**) in the early 80s, I became **adept at all facets of hairdressing**. I then worked as a **salon manager** between **travelling extensively** (living & working in the UK/Europe, Asia and America) until 1988.

-On returning to SA, I embarked on a **fulltime, 1 year Makeup Artistry Diploma** which led to continuous work on the numerous **miniseries/films being shot in SA at the time -many requiring period hairstyling**.

-I worked on a casual basis at Channel 7 for over 6 years in the 80's, doing news/promos and Wheel of Fortune - great grounding for quick efficient 'makeovers'!

-Following were years of **film, fashion, TVCs, & stills**, rich in fabulous experiences

- In 2015 I received my parchment certificate of qualification in **Interior Design**. I am presently enrolled (manageable part-time) at Central School of Art, doing a degree in Visual ART.

-In recent years, due to family circumstances, I have presented myself mainly for **TVCs & stills**, and for 'additional days' **on Features / TV Series**. **I have also spent the last 2 years (2017, 2018) as Acting Head of Wigs and Makeup for the State Opera of SA.**

-I have extensive experience in desert (outback) & beach locations for tv-c's and am fully mobile,-I can also do **Standby wardrobe** for a **small number of cast**, and carry an iron/board /clothes steamer and a mend kit when required.

-I am very experienced in **ALL Hair and Hair appliance applications and all aspects of Makeup**, and regularly update my skills. I also do Special Effects when required .

Following is a resume of some of my work.
